Bicycles East and Seven Cycles are bringing both of our Seven Cycles demo fleets to our Special Seven Demo Ride Event. Choose from road, gravel, and mountain. on Sunday, September 8th. If you have not experienced the amazing ride quality of titanium or titanium/carbon combinations created by Seven, you don't want to miss this. Titanium itself is great. I honestly believe that it's better with Seven. These custom bikes are built for you - they will perform the way that you want your dream bike to perform.

We will be set up at the Park and Ride on Route 44 in Bolton, near the Hop River Trail. This gives you easy access to road, gravel, and mountain routes.

Come on down, speak to friendly and knowledgeable folks from Seven Cycles and Bicycles East. Ride bikes. Talk about bikes. Meet Seven Cycles, demo ride bikes, and learn much more about what Seven and Bicycles East offers every rider.

The event is free but RSVP via the form below is needed - If you plan to join us, please complete the form at the following link: <https://sevencycles.com/7/bicycles-east-2024/>
